

# Exciting Photography and Nature Program

Camp Karole is offering for one week in July and one week in August an additional program for 7-12 year olds. During the week of **July 16th-19th** and **August 13th-16th**, veteran counselor and now one of our camp supervisors, Doug Milano, will run an innovative **Photography and Nature Program**. The campers will be taken off-site for an hour a day to experience the natural beauty of the Hamptons, take photographs, and to have some fun. The campers will engage in nature projects, beach walks and hikes through trails. There will always be an element of adventure and fun, including a scavenger hunt or a surprise at the finish. You can sign your child up to participate in this new and exciting program for the additional fee of \$75 for each four day session. Space is limited to 20 campers. Please fill out the bottom portion of this form and return to Camp Karole as soon as possible. Please note that a minimum of 6 campers must sign up in order to conduct this program. Fees for this program will be returned in the event there is not enough participation.

I, \_\_\_\_\_ would like my child, \_\_\_\_\_ to  
(Parent's name) (Child's name)

Participate in the Camp Karole Photography & Nature Program.

{ } July 16th-19th session or { } August 13th-16th session.
